**I. Claim Rejections - 35 USC § 112**

The following is a quotation from the relevant paragraphs of 35 U.S.C. 112:

(2) The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

1. Claims 1-14 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

1.1. With respect to claim 1-8, it is unclear whether applicants claim is directed to the structure for holding a recording tape cartridge, a recording tape cartridge or some combination thereof. It is assumed that applicant is claiming the subcombination of the structure and not the combination of the structure, tapes and grasping mechanism.

1.2. With respect to claim 1, the phrase “the second recording chamber separately” lacks antecedent basis.

1.3. With respect to claim 1, it is unclear whether the case is an element of the first or second cartridge or the chamber.

1.4. With respect to claims 2-5 and 7, it is unclear how the structure of the tapes further limit the structure of claim 1.

1.5. With respect to claim 6, it is unclear how the grasping device further limits the structure of claim 1.

1.6. With respect to claim 1 and 8, applicants have not claimed the subject matter applicants regards as their invention. The claims are directed to a structure for holding a recording tape cartridge, and a method for providing that structure, respectively. The structure for holding the cartridge is shown however, as prior art (112).

## **II. Claim Rejections - 35 USC § 102**

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

1. Claim(s) 1-14 is/are rejected under 35 U.S.C. 102(b) as being anticipated by SMITH (US 6,141,180 A).

1.1. With respect to claims 1 and 8, SMITH discloses an accommodating chamber (100) case (106), grasped portion (116), concave portion and chamfer (Fig. 1).

1.2. With respect to claims 2, 3, 5, 9, 10 and 12 SMITH additionally discloses overhang portions and inclined walls at rear sides continuous from side walls (Fig. 4).

1.3. With respect to claims 4, 7, 11 and 14, SMITH additionally discloses the overhang portions are reference surfaces and the inclined walls are guide surfaces (Fig. 4).

1.4. With respect to claim 6 and 13, SMITH additionally discloses the claw portions inserted into the concave portions (Fig. 3).

## **III. Response to Applicant's Arguments**

Applicant's arguments entered 6/20/06 have been fully considered but are not persuasive.

1. Applicant argues that claims 1-14, as amended, comply with the requirements of 35 USC 112 2<sup>nd</sup> paragraph. This argument is not persuasive for the reasons indicated above.

2. Applicant argues that SMITH does not anticipate claims 1 and 8, as amended, because SMITH fails to disclose a structure which holds a first recording tape cartridge and a second

structurally different cartridge or method for providing such a structure. This argument is not persuasive. Chamber (100) is capable of accommodating two structurally different cartridges.

#### **IV. Conclusion**

1. THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).
2. A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
